

It is What It is

By Elva Jones-Hahn

V1

It is what it is and it's never too late
Time changes me and I'm never the same
Love comes and goes and I never ashamed

Chorus 1

Who am I to blame?

V2

It is what it is and time is a test
Love changes me and I'll do my best
Life is an ebb-n-flow
But I have one request

Chorus 2

Breathe me in and let her go

V3

It is what it is and maybe I'm ready now
It's time to take your leave and never feel alone
Your heart's been buried and now it's time to live

Chorus

Feel your freedom
