

## I've Listened

**By Elva Jones-Hahn**

V1

Whisper that you love me  
And wash my fears away  
Kind heart, hold me  
And drowned my tears at bay

Chorus

I've listened to what you say

V2

Open your eyes and love me  
And I'll lead you to all our dreams  
Close your eyes  
You hold my heart  
I've known since I was nineteen

Chorus

I've listened to what you say  
And I'll quietly just fade away

V3

Watch your love push me away  
And the years just keep rolling by  
Tears fall down  
Why do you cry?  
Ambition has its price to pay

Chorus

And I believed in what you said  
And I'll quietly just fade away  
Good-bye is all I have to say...  
Good-bye is all I have to say...  
Good-bye again...
