

Unspoken

By Elva Jones-Hahn

V1

Start at the end my friend
Who knows where you've been
Lost in a lover and a sin
Take another sip of my tears
Who knows your lovers fears?
Nothing last forever, so you know

Chorus

Don't question me
I've been alone
I'm forever in your love
Forgotten or unknown
It's who I am
I will not choose
Love is hard when it's not broken
Love left unspoken
Ooh, ooh, ooh

V2

Lost in the end my friend
Don't know where to begin
Trust in your heart and you will know
How did we get to this place?
Confused, in love, without a trace
Love can last forever, don't you know

Chorus 2

Don't question me
I've been alone
I'm forever in your dreams
Forgotten or unknown
It's who I am, I will not choose
Love is hard when it's not broken
Love left unspoken
Ooh, ooh, ooh
